ABOUT

I'm a frontend specialist with over a decade of full-stack experience, focusing on custom web solutions using React and Next.js. I create custom-designed interfaces using SCSS, avoiding pre-built frameworks for a tailored user experience. My expertise extends to AWS administration, CI/CD, and headless CMS integrations (WordPress, Contentful, Strapi). I'm also skilled in integrating AI APIs like ChatGPT and Llama 2. Some of my projects include 3D environments with interactive elements using Three.js.

EDUCATION

Universidad Nacional De la Matanza, AR

2013-2014

Computer Engineering (incomplete)

EETn°2, AR

2006-2009

High School - Chemical Technician

SKILLS

Technical Stack: Node.js, React, Next.js, Sass, AWS, Vercel, Linux

Programming Languages: Javascript, PHP, Python

Languages: English, Spanish

EXPERIENCE

Tech Lead

AR

R/GA

2019-2024

- **Technical Stack:** React, Node.js, Nextjs, Contentful, WordPress, CSS, SASS, GSAP (for animations), Three.js, GitLab, GitHub, Bitbucket, CI/CD, Jest, Jira
- **AI integrations::** ChatGPT, Llama 2, Amazon Bedrock, Claude
- **AWS services::** EC2, S3, CloudFront, CloudFormation

Full Stack Developer

AR

Grava.io

2016-2019

- **Technical Stack:** Mongoosejs, Express, React, Angular, Node.js, Python, OpenCV, TensorFlow, Blockchain, Linux, Digital Ocean, Aws, Azure, Three.js, Android, Ionic and similar

NetSec Developer

AR

Despegar.com

2016

- **Technical Stack:** Python Scripting, Linux Administration, Pen testing

Full Stack Developer

AR

Grava.io

2014-2016

- **Technical Stack:** PHP, Linux, Node.js, Angular, Apache, Nginx

PROJECTS

Devblog AI

Oct 2024

Devblog AI is an open source local platform that uses raw notes and the ChatGPT API to automatically generate full dev blog posts. <https://github.com/ivanhuay/devblog-ai>

Website Redesign

Feb 2023

This includes a design system using Atomic design, Storybook, and React Gutenberg components for the client WordPress. This development process includes a strong analysis of their existing site and the variants required for the components.
